Rapidprint can satisfy your document identification requirements with our versatile line of electronic numbering machines. No buttons or levers to push. Avoid operator fatigue and potential repetitive motion injuries.

- Customize Imprints to specific needs.
- Consecutive action automatically advances Page numbers.
- Imprint text, signatures and seals.
- Easy adjustable stamping pressure to insure clear imprints.

Features

- A Rapidprint Stamp is easy to use. Just insert the document and it is instantly printed. Unlike handwritten records, the printed record is accurate and easy to read.
- Durable typewheels provide superior imprints.
- Rugged metal housing, stainless steel paper plate and sturdy lock discourage tampering.
- Optional Reverse Print for stamping at the bottom of a document.
- Optional Paper Guide to print in a specified position on the document
- Optional Extended Trigger to print close to the edge of a document (closer than 1 3/16")
- Optional LED Clock (shown)
- Many print configurations are available including Year, Month, Date and Time.
