

CP-5000 Series

Amano Cincinnati

The CP-5000 Electronic Time Recorder is designed as a fully automatic time recorder, which eliminates overprinting through the use of its mark sensing technology. Its optical sensor detects the previous mark, and the time and date are consecutively printed vertically up the time card, making overprinting impossible. This unit is a fully functional electronic time recorder that offers up to 30 punches on each side of the time card.

- Displays date, time, and day of the week
- Perpetual calendar
- Automatic card feeding
